

Cement Masons' Local No. 600

Operative Plasterers' and Cement Masons
International Association of the United States and Canada, AFL-CIO

March 16, 2020

Brothers and Sisters:

Due to the continued concerns of COVID 19 spreading throughout our communities, Local 600 will be modifying daily operations for the next several weeks at the main and satellite offices. Dispatch hours in the LA Office will continue to be 5:30am to 8:00am, **but will be phone in only, no walk-ins**, no temporary applications will be taken during this time. Also, the regular main office hours will continue, **but the lobby will be closed to walk-ins as well**. If you wish, dues payments and all other questions will be handled by phone. If you have an urgent matter that requires immediate attention, I ask that you speak with me to make any necessary arrangements. Please understand these changes are for the health and safety of our members, staff and officers during this unprecedented time.

In closing, I encourage you to listen to our health professionals and take all the necessary precautions to keep yourself and your family healthy.

Sincerely and fraternally,

Fitzgerald Jacobs
Financial Secretary &
Business Manager
