

Cement Masons' Local No. 600

Operative Plasterers' and Cement Masons
International Association of the United States and Canada, AFL-CIO

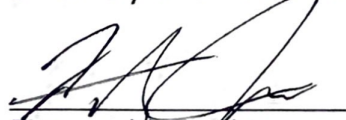

November 30, 2020

Brothers and Sisters:

Due to the recent resurgence of COVID 19 positive cases spreading and the revised guidelines within Los Angeles County, after reopening for past several months, effective December 1, 2020 Local 600 will once again be modifying daily operations until further notice. Dispatch hours in the LA Office will continue to be 5:30am to 8:00am, **but will be phone in only, no walk-ins**, no temporary applications will be taken during this time. Also, the regular main office hours will continue, **but the lobby will be closed to walk-ins**. If you wish, dues payments and all other questions will be handled by phone. If you have an urgent matter that requires in person attention, I ask that you speak with me to make any necessary arrangements. Please understand these modifications continue to be for the health and safety of our membership, staff and officers.

In closing, I encourage you to be vigilant and take all of the necessary precautions to keep yourself and your family safe and healthy.

Sincerely and fraternally,

Fitzgerald Jacobs
Financial Secretary &
Business Manager
